

Cigarette Bin (JRB-CB01)

Cigarette Bin

The JRB Cigarette bin has been designed to be aesthetically pleasing, easy to use and empty, with the strength and reliability of all JRB's products. The bin can be quickly and easily fixed onto most walls and posts within minutes. Constructed from stainless steel, not only is the unit strong and rust resistant but very hygienic and easy to clean. Unlike toughened plastic or powder coated products the JRB bin will not melt or harbor dirty burn marks.
